VOLUNTEERS FIND THEIR IDEAL MATCH New Volunteer Website Launched for Washtenaw County

The Blueprint for Aging, sponsored by Catholic Social Services of Washtenaw County, is announcing its new volunteer website, **VolunteerWashtenaw.org**. True to its slogan, "Something Worth Doing", the site connects local non-profit (501c3) organizations with people who want to find worthwhile ways of giving back to their community.

A vast array of non-profit organizations, including youth, senior, environmental and health-based groups, have already registered and placed their volunteer opportunities on the site. With the official launch of the site this month, many more non-profits are expected to do the same.

Advanced matching functionality makes the site easy and helpful to people of all ages looking to find their ideal volunteering opportunities. With a few clicks of the mouse, users can browse through all organizations posted on the site, or they can search by type of volunteering or days/number of hours wanted. Once users get to the non-profit sites, they can view the opportunities available, and, if interested, submit their names so that the non-profit organization(s) can contact them.

VolunteerWashtenaw.org is designed for those looking for ways to help their community as well as those looking for ways to fulfill court-appointed community service requirements. It is also designed to give non-profit organizations a state-of-the-art vehicle to communicate their opportunities and to help volunteers find "Something Worth Doing".
